GSE319536_BC10 | author comparison is qualitative, not segmentation accuracy

v3.1 (project coordinates)

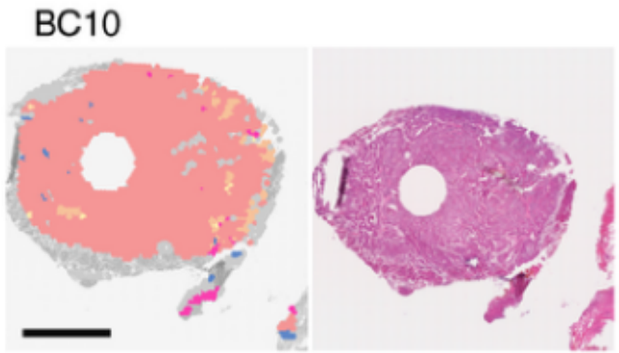

Project inside
Project outside

v3.2 (same project coordinates)

Inside lesion ROI (computational)
Extent unresolved (not outside)

Published S1 annotation + H&E
Separate figure scale; NOT registered barcode labels

Tumor Cell
Tumor Stroma
Immune Cell
Necrosis
TLS/TIL/LA
Vessel
Urothelium
Normal Stroma
Muscle
Others

S1 shows a tumour-cell-dominated round tissue section and a central void; neither the round cut edge nor the void is automatically a macro lesion edge.
